Guide students through the college admissions process, one step at a time.

ApplyWise is an admissions counseling curriculum that provides step-by-step guidance through multimedia lessons, interactive games, and tools for students, families, and guidance counselors.

- ▶ Your students actively build their college applications by creating target college lists, learning how to complete each section of an application, writing essays and personal statements, and planning when to take key tests.
- ▶ Expert video advice, interactive lessons, games, a college search survey, and various planning tools including email reminders support students every step of the way.
- ▶ An online dashboard helps guidance counselors track students' progress, view test schedules, review college lists and essays, check tasks and calendars, and access up-to-date resources.
- ▶ Online accounts for districts or schools, families, and students allow everyone to learn about college admissions, and communicate through the application process.
