Prep that is as unique as your students.

SAT and ACT On Site courses offer a fully turnkey approach to helping students prepare for college entrance exams through classroom instruction, blended learning activities, prescribed online lessons, full-length assessments, and a wealth of test readiness materials.

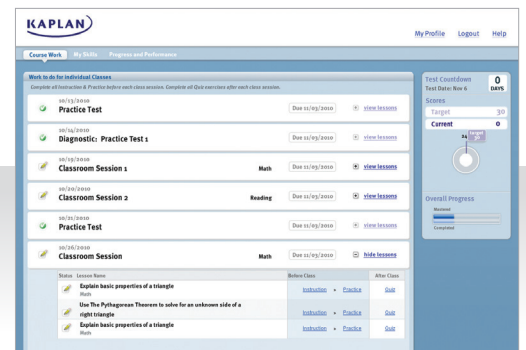

- ▶ Expert Kaplan instructors leverage Kaplan's Smart Track® technology to deliver adaptive, personalized instruction that builds the skills and strategies that students need to test their best.
- ▶ Data-driven, engaging instruction based on your students' results personalizes each classroom session with differentiated activities; customized, online assets reinforce learning via independent practice.
- ▶ Kaplan's 70+ year test prep expertise helps your students focus their studying on the most tested skills (Smart Points™) and on the results of four full-length practice tests.
- ▶ **NEW!** SmartReports™ turn scores into customized study plans that help your students maximize their scores; an online reporting tool empowers educators to view aggregate and individual performance, progress, and usage data.
