

TABLE OF CONTENTS

Teacher's Introduction	i
Unit 1: <i>Getting to Know the Test</i>	1
Lesson A: Practice Test 1	3
Lesson B: The Landscape of the Test	29
Lesson C: Strategies for Success	41
Unit 2: <i>People and Animals</i>	53
Lesson A: Life Cycles of Animals	55
Lesson B: How Do Animals Respond To their Environments?	67
Lesson C: Putting It All Together	79
Unit 3: <i>Plants</i>	91
Lesson A: Getting to Know Plants	93
Lesson B: Plants in their Environment.	105
Lesson C: Putting It All Together	117
Unit 4: <i>Animals and the Environment</i>	129
Lesson A: How Organisms Interact	131
Lesson B: Adaptations to the Environment	145
Lesson C: Putting It All Together	157
Unit 5: <i>Earth and Its Changes</i>	169
Lesson A: The Earth's Cycles.	171
Lesson B: Shaping the Earth.	183
Lesson C: Putting It All Together	197
Unit 6: <i>Measurement, Properties, and Phases</i>	209
Lesson A: Measuring Physical Properties.	211
Lesson B: Phases of Matter	223
Lesson C: Putting It All Together	235
Unit 7: <i>Energy and Magnetism</i>	247
Lesson A: Energy and Its Interactions.	249
Lesson B: Electricity and Magnetism	263
Lesson C: Putting It All Together	275

Unit 8: <i>Simple Machines and Experiments</i>	287
Lesson A: Force, Motion, and Simple Machines.	289
Lesson B: Thinking Like a Scientist.	301
Lesson C: Putting It All Together	313
Mixed Review	325
Practice Test 2.	341
Looking Back, Looking Forward.	367
