

Table of Contents

Teacher’s Introduction iii

Unit 1: The 4-Step Method for Problem Solving

- LESSON 1: Getting Started 3
- LESSON 2: Taking Action 13
- LESSON 3: Grid-In Problems 23

Unit 2: Number and Operations

- LESSON 1: Number Theory 35
- LESSON 2: Ratio, Proportion, and Percent 43
- LESSON 3: Logic 51

Number and Operations Mini Practice Test 59

Unit 3: Expressions and Functions

- LESSON 1: Expressions 71
- LESSON 2: Exponents 81
- LESSON 3: Functions 89

Unit 4: Equations and Inequalities

- LESSON 1: Symbolic Representations of Algebra . . . 99
- LESSON 2: Graphic Representations of Algebra . . . 107
- LESSON 3: Guess and Check 115

Algebra Mini Practice Test 123

Unit 5: Geometry and Measurement

- LESSON 1: Lines and Angles 135
- LESSON 2: Triangles 145
- LESSON 3: Geometry Applications 155

Unit 6: Probability, Statistics, and Data Analysis

- LESSON 1: Probability and Counting 167
- LESSON 2: Data and Statistics 175
- LESSON 3: Sequences, Series, and Graphs 183

Geometry and Data Mini Practice Test 193

Appendix: SAT Math in a Nutshell A1
